Day 1: Osmosis Checklist

Day 01 · From Labs/osmosis-lab-scan.pdf · 2026-11-07

Learning Checklist for Day 1

- State the precise definition of osmosis and partially permeable membrane.
- Describe the procedure used to measure mass change in potato strips soaked in sucrose.
- Recall the percentage mass changes observed at 0.0 M, 0.4 M, and 0.8 M sucrose solutions.
- Identify the sucrose concentration that is isotonic with potato cells.
- Define water potential, isotonic, hypotonic, hypertonic, turgor, and plasmolysis.
